

Animal Trustees of Austin's Policy on Heartworm Prevention:

- Heartworm tests must be done here at ATA (we do not accept test results from other clinics)
- Heartworm tests **must** be given once a year with no lapse in monthly prevention
- We do **not** provide prescriptions for prevention
- We do **not** offer any combined medication (flea + heartworm) for dogs
- Cats **can** get heartworms. We do sell preventative for cats.
